

SHAPE- Assignment #2

Spiritual Gifts Survey

The Scriptures describe numerous gifts which the Holy Spirit gives to the church for the benefit of Christ's Body. A list of spiritual gifts can be organized from Scripture, and this list serves as a good starting point to see how God has gifted you! Spiritual Gift Surveys are not meant to be an absolute indicator of your SHAPE, but rather a tool to begin discerning how the Holy Spirit has gifted you.

The following is an online survey that will help you discover what some of your spiritual gifts are. The survey will take about an hour to complete and should be done in one sitting. Respond to each statement quickly with your first feeling. Don't be too modest. However, unless you can walk on water, you will probably respond to more statements with 'Never' than with 'Always'.

When you have responded to ALL 140 statements, click on '**Submit Spiritual Gifts Test for Analysis**' at the bottom. Your test will be automatically analyzed. In a few seconds, it will show you a list of the 28 Spiritual Gifts that this test covers and show you which ones appear to be the strongest in you. There is also a link to Spiritual Gifts Reference Material that provides a definition of each Spiritual Gift as well as biblical references for each. Feel free to bookmark the site and use it as a reference in your ongoing journey in finding and serving within your God-given SHAPE.
